The 4707D-DW18 is lined on shoes \$15.75 each includes cores.
Also, 4 RELINED EX4730D-HS SHOES for \$38 each includes core.

DW20 = 20k (MB21 or 6008 equivalent, CM16)
DW23 = 23k (CM22A, HS, MB23 or 685)
DW25 = 25k organic, not a combination block (6028)
KVT = 25k Marathon transit style material (high in Kevlar)

All of this material combined (366 sets) cost D&W \$13,987 not including some import taxes and fees for private label product. **I can quote you on any individual sets you may request.** I also have a new steel brake shoe list of inventory for sale (also at cost).

This totals two full pallets of friction material. One set will reline 4 shoes (except 1303 which is an emergency hand brake shoe = 2 shoes/set).

Thank you in advance for your time reviewing this offer.
